

CYCLAMEN LINERS & POTS 2017

WAGNERS

A growing tradition since 1901

New Varieties

Cyclamen standard Halios Funflame Magenta

A new Halios addition expands the range of this florist-quality, large-flowered series. The new Funflame Magenta features novelty pink and white flowers with decorative foliage. Large plants are suitable for 6-8" pots. Finish in 6" pots from our 50s in 16-18 weeks. (72, 50, 4")
Also pictured on front cover.

Cyclamen standard Halios HD White

The Halios HD series offers more compact varieties that are well-suited to high-density production. White offers a nice round plant habit with rounder flower petals. White features more flowers and better performance than Pure White in warmer conditions. Perfect for 5-6½" pots. Finish in 6" pots from our 50s in 15-17 weeks. (72, 50, 4")

Cyclamen standard Sierra Snowridge Wine

The Sierra series features uniform plants with large flower size. The new Snowridge Wine features deep wine red flowers with a distinct white picotee edge. Well-suited to 6" pots. Finish 6" pots from our 50s in 15-17 weeks. (72, 50, 4")

Cyclamen miniature Super Serie Verano Mix

The Verano series is known for fast and uniform flowering and is more tolerant of higher temperatures making it ideal for phased summer growing. Also excellent for landscape use. Mix of all Verano colors including flamed and Fuji colors. Perfect for 3-4" pots. Finish 4" pots from our 72s in 12-14 weeks. (72)

Cyclamen Program Information

Product ships February 27, 2017 - February 23, 2018 (except prefinished pots July-December 2017).

Every liner and prefinished pot that leaves Wagner Greenhouses carries with it the evidence of our dedication to producing top quality products to help your season get a great start. We start by working closely with your sales person to ensure accurate order entry. Cyclamen are a particularly special class of products due to the long crop time and the very specialized culture required to produce healthy plants. We then ship the liners and prefinished pots to arrive in good condition on the date you expect. After shipping, we continue to support our product with technical expertise. We look forward to helping you achieve your best crop possible. In addition to our cyclamen liners, Wagner's produces prefinished cyclamen in four inch pots. Compared to using liners, the use of prefinished cyclamen will reduce crop time by 50% or more. For standard cyclamen, growers transplant the prefinished pots into six inch pots upon arrival. After about eight weeks, a beautiful plant has filled the pot and is showing great color.

Packing

Cyclamen Liner Boxes

Boxes are constructed with recyclable, moisture-resistant corrugation. Boxes are packed using one tube size per box with approximate tray packing as follows:

4 trays per box for 144 cell size

4 trays per box for 105 cell size

3-4 trays per box for 72 cell size

3 trays per box for 50 cell size

Regular Packing:

	Standard Box	Courier Box*
Dimensions	22"x12"x14"	22"x23"x14"
Approx. Weight	20 lbs.	40 lbs.

Insulated Packing**

	Standard Box	Courier Box*
Dimensions	23"x13"x15"	23"x25"x15"
Approx. Weight	23 lbs.	46 lbs.

* Courier box is two standard boxes inserted into a larger overlap box to reduce tumbling in handling.

**Insulation utilized when necessary to prevent plant damage from frost.

Prefinished Cyclamen Boxes

Boxes are constructed with recyclable, moisture-resistant corrugation. Pots are packed 14 to a tray and shipped one tray per box, minimum of five trays per order.

Regular Packing:

	Standard Box	Courier Box***
Dimensions	22"x11"x9"	23"x24"x18"
Approx. Weight	12 lbs.	50 lbs.

*** Courier box is four standard boxes inserted into a larger overlap box to reduce tumbling in handling.

Customer Owned Carts

Customers may drop off their own carts prior to scheduled pickup date. Ownership labels must be on each cart and the carts must be clear of all plant debris.

Wagner Owned Carts

Sanitized carts may be used for deliveries to customers able to handle and unload at the time of delivery as temperatures permit. Our ability to drop carts for an extended period of time depends on the truck's route.

Shipping Options

All product is shipped F.O.B. Destination, Freight Prepaid and Added to the Invoice. Consignees hold responsibility for additional shipping charges, including delivery charges from an airport. Shipping zones are defined by ZIP code and conform to FedEx's shipping zones for Minneapolis, MN. Zone A generally includes Ship-to's within 400 miles of Wagner Greenhouses. Zone B includes all other serviceable locations within the continental 48 states.

Courier To Door - Small to Medium Shipments

- FedEx Priority Overnight Service*

- FedEx Second Day AM Service* (not available during the cold season)

- FedEx Ground from HUB*

Grower truck linehaul to HUB with next day FedEx Ground delivery by 5 P.M.

- Spee Dee Ground Service*

Service only available in Zone A and northern Illinois. Not available during the cold season.

Special Seasonal Shipping To Door (February/March) - Small to Large Shipments

- Cooperative Pooled Delivery Service - Weeks 5-16 (please note: not available during Week 6 & 7)*

Weekly temperature-controlled delivery throughout Midwest. 1-2 day distribution based on floral routes and volumes. Anticipated scheduled routes in parts of North & South Dakota, Nebraska, Minnesota, Iowa, Illinois, and Wisconsin. Contact us for more information.

- Cooperative Grower Truck*

Regional, cooperative shipping with Malmberg's with anticipated routes in parts of North Dakota and Minnesota. Contact us for more information.

Trucked To Door - Medium to Large Shipments

- Grower Truck LTL: Carted or boxed*

Available for orders that can be pooled within a region. Ship-to's must accommodate a 53 ft. trailer.

- FedEx LTL From Hub*

Grower truck drop at HUB followed by next day FedEx LTL delivery before 5:00 P.M. Requires pooled orders totaling more than 2250 pounds of freight.

- LTL from MSP: Shrink-wrapped pallets. Not available during the cold season.*

- Via Fed Ex Freight*

Not temperature controlled. Ship-to locations beyond 400 mile radius qualify for two day delivery. Ship-to locations within 400 mile radius qualify for next day delivery.

- Via Grower or Contracted Truck*

Temperature controlled. Requires pooled orders totaling more than 2,250 pounds of freight.

To Nearest Airport Delivery

Phone On Arrival delivery to nearest major airport. If a local trucking company is contracted to provide delivery from the airport at an additional charge paid by consignee, please provide the trucking company name and contact information to allow proper preparation of waybills.

Customer Pickup

Pickup times scheduled in advance with Wagner's Shipping Department.
