**WAGNERS**

*A growing tradition since 1901*

# New Varieties

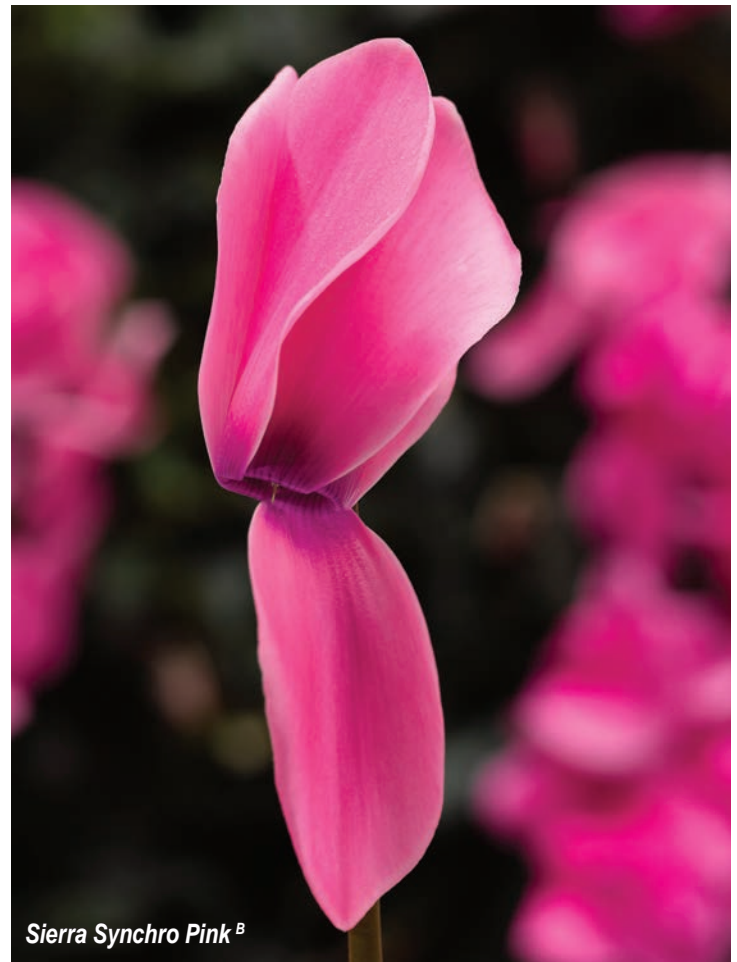

## Cyclamen standard Sierra Synchro Pink

The Sierra Synchro series features uniform plants with synchronized, early flowering. The new Pink adds a nice bright pink to the series. Beautiful and efficient, these large high-quality plants are suitable for 6-6½" pots. Finish in 6" pots from our 50s in 15-17 weeks. (72, 50, 4") Also pictured on next page.

## Cyclamen standard Winter Ice series

*Scarlet, White*

The Winter Ice series shows strong contrasting silver-leaved foliage that are ideal for the holidays. Featuring vigorous, florist-quality plants that are quick to fill pots. Add some sparkle to holidays sales with Winter Ice. While not new to the market, both Scarlet and White are now available again. Finish 4" pots from our 50s in 16-18 weeks. (72, 50, 4")

# Cyclamen Program Information

**Product ships March 1, 2021- February 25, 2022 (except prefinished pots July-December 2021).**

Every cyclamen liner and prefinished pot that leaves Wagner's carries with it the evidence of our dedication to producing top quality products to help your season get a great start. Cyclamen are a particularly special due to the long crop time and the very specialized culture required to produce healthy plants. We ship the liners and prefinished pots to arrive in good condition on the date you expect. We look forward to helping you achieve your best crop possible. In addition to our cyclamen liners, Wagner's produces prefinished cyclamen in four inch pots. Compared to using liners, the use of prefinished cyclamen will reduce crop time by 50% or more. For standard cyclamen, growers transplant the prefinished pots into six inch pots upon arrival. After about eight weeks, a beautiful plant has filled the pot and is showing great color.
