Ranunculus Magic Pink & Peach ^B

New Varieties

Primula polyanthus Lighthouse

Lighthouse is a polyanthus type primula with longer flower stems that reduce the risk of botrytis. Features a compact, uniform habit without use of PGRs. Continuous flowering means long shelf life at retail. Mix includes Blue, Pink, Rose and Yellow. Finish 4" pots from our 72s in 10-14 weeks. (72)

Primula acaulis Princessa

Princessa is an acaulis type primula that features large blooms that are nearly twice the size of regular acaulis. Requires no cold treatment for flower initiation. Mix includes Blue, Golden, Pink, Rose, Scarlet and White. Finish 4" pots from our 72s in 10-14 weeks. (72) Not pictured.

Ranunculus Magic Fireball

Magic has a naturally compact habit with no PGRs needed. The new Fireball shows fiery shades of red and orange. Finish 4" pots from our 72s in 10-12 weeks. (72)

About Wagner Greenhouses

Wagner Greenhouses operates out of Minneapolis, Minnesota. Our fifth generation family company supplies young plants to growers nationwide through the broker system. Known for quality and service, Wagner's excels in producing spring bedding plugs, summer fall pansy plugs, cyclamen liners, cool crop liners, specialty florist liners, and prefinished cyclamen.

Wagner's also operates two garden centers, which gives some unique perspectives to our young plant production. First, we finish our own products, so we truly understand the important qualities in a plug. Second, we can actually interact with the gardening public and closely observe their buying decisions. We integrate what we learn into the young plant programs, strengthening our products for you, the grower.

Cool Crops Program Information

All product ships August 2, 2021 through February 4, 2022, except Ranunculus ships November 29, 2021 through February 4, 2022.

Every young plant that leaves Wagner Greenhouses carries with it the evidence of our dedication to producing top quality products to help your season get a great start. We start by working closely with your sales person to ensure accurate order entry. We test every seed lot that comes through our doors to avoid surprises during production. We sow to order, and grow the plants under carefully controlled conditions, with a staff skilled at managing fertilizer, moisture and temperature to achieve ideal plant growth. Our picture of an ideal plant includes short hypocotyls, well-developed roots and compact top growth, all with minimal chemical use. We then ship the young plants to arrive in good condition on the date you expect. After shipping, we continue to support our product with technical expertise. Your success is important to us, and we are dedicated to helping you achieve it.

WAGNERS

A growing tradition since 1901

Packing

Boxes

Boxes are constructed with recyclable, moisture-resistant corrugation. Boxes are packed using one tube size per box with approximate tray packing as follows:

5 trays per box for 288 cell size

3-4 trays per box for 72 cell size

Regular Packing:

	Standard Box	Courier Box*
Dimensions	22"x12"x14"	22"x23"x14"
Weight	20 lbs.	40 lbs.

Insulated Packing**

	Standard Box	Courier Box*
Dimensions	23"x13"x15"	23"x25"x15"
Weight	23 lbs.	46 lbs.

*Courier box is two standard boxes inserted into a larger overlap box

**Insulation utilized when necessary to prevent plant damage from frost

Customer Owned Carts

Customers may drop off their own carts prior to scheduled pickup date. Ownership labels must be on each cart and the carts must be clear of all plant debris.

Wagner Owned Carts

Sanitized carts may be used for deliveries to customers able to handle and unload at the time of delivery as temperatures permit. Our ability to drop carts for an extended period of time depends on the truck's route.

Order Minimum

Order minimum is 6 trays per order across all Wagner's young plant programs.

Order Cutoff

The deadline for order additions and order changes is Thursday at noon the week before ship or sow.

Shipping Options

All product is shipped F.O.B. Destination, Freight Prepaid and Added to the Invoice. Consignees hold responsibility for additional shipping charges, including delivery charges from an airport.

Courier To Door - Small to Medium Shipments

-FedEx Priority Overnight Service

All parcel shipments during cold season (November-April) will be sent FedEx Priority Overnight at Wagner's discretion.

-FedEx Second Day Service

Not available during cold season (November-April).

-Regional Courier: Speedee Delivery Service

Service only available in upper Midwest including MN, ND, SD, WI, IA and IL.

Not available during cold season (November-April).

Trucked To Door - Medium to Large Shipments

-Grower Truck LTL: Carted or boxed

Available for orders that can be pooled within a region. Ship-to's must accommodate a 53 ft. trailer.

-FedEx LTL From Hub

Grower truck drop at Hub followed by next day FedEx LTL delivery before 5:00 P.M. Requires pooled orders totaling more than 2,500 pounds of freight.

-LTL from MSP: Shrink-wrapped pallets.

-Via Fed Ex Freight: Not available during cold season (November-April)

Not temperature controlled. Ship-to locations beyond 400 mile radius usually qualify for two day delivery.

Ship-to locations within 400 mile radius qualify for next day delivery.

-Via Grower or Contracted Truck

Temperature controlled. Requires pooled orders totaling more than 2,250 pounds of freight.

To Nearest Airport Delivery

Phone On Arrival delivery to nearest major airport. If a local trucking company is contracted to provide delivery from the airport at an additional charge paid by consignee, please provide the trucking company name and contact information to allow proper preparation of waybills.

Customer Pickup

Pickup times are available on Wednesdays and Thursdays. Please coordinate your preferred pickup time in advance with Wagner's shipping department.
